

Darci Kraus' Project Kenya Trip

Darci Kraus, librarian at Cedar Grove Public Library and the Lakeview Community Library (Random Lake), has the good fortune to join with a group from Project Kenya to help finish a school and library in Ribe, Kenya. The mission trip will be from February 26 through March 9.

The library is going to be established in the Ribe Primary School. The school needs books for all ages, but would especially appreciate books for grades 2 – 8. They are also looking for good journals or magazines like *National Geographic* (editions published within the last 5 – 8 years). They are also in need of book pockets, book cards, and date due slips.

This is an ongoing project for Project Kenya. There is a container being packed for the project. Any items to be included with this shipment need to be received by April 1st. Please put your donation in a separate cardboard box labeled: **Project Kenya**. Please send the boxes via the South Central Delivery Service to the Eastern Shores Library System. Please include your library's name on or in the box, so that Darci can thank you.
